

MIXED MATERIAL FENCING PRODUCT INFORMATION

MIXED MATERIAL FENCING

Barrette Outdoor Living's Mixed Material fencing offers flexibility and customization with a wide variety of options for installation and overall design. This decorative line features matte black aluminum framing with the ability to use vinyl infill boards in six different colors that can be placed horizontally or vertically to create a solid privacy fence. Offering both in-ground and surface mount installation, this easy-to-install product can serve as a traditional fence (with matching gate framing available) or as individual or grouped panels to serve as a divider or privacy treatment.

FEATURES & BENEFITS

- Modern, on-trend design that offers customizable infill boards
- Framework features powder coated matte black aluminum with six different vinyl infill options
- Easy to install — infill boards simply slide into framework vertically or horizontally
- In-ground and surface mount posts available, as well as matching 4' and 5' wide gates
- Limited Lifetime Warranty
